

Team Name: **sdmay24-23**

Team Members: **Joshua St John, Zachary Zemlicka, Jared Melcher, Lukas Zerajic, Christopher Sell, Varun Advani**

Report Period: **Oct 23-Nov 5**

Summary of Progress in this Period

- Learned to make our project more of a lab focused project
 - Learned about what kind of lab to make (Scheduler)
- Gained access to ARA
 - Took a couple of emails but we now have access to the hardware needed to create our lab
- Updated documents to fit our new direction
 - Now that we know what our plan is all of our previous documents needed to be updated

Pending Issues

- Access to ARA
 - Making sure everyone can login
- Create a list of information needed to create our labs
- Identify what kind of testing methods we will need to implement
- Need to figure out modules of our website and the layout
- Need to finish YouTube video
- Navigate ARA platform to become familiar with their tools (sandbox)

Plans for Upcoming Reporting Period

- Update teams website with new documents and prepare for board presentation
 - Ensure everything is ready for our presentation
 - Prepare/practice for board meeting
-
